Waveline Atlantic B

WLM-ATLANTIC-B

- 1 Lay out parts according to the assembly diagram and push the pipes together. Insert center suport pole.

- 2 Feed the fabric from the top of the frame, only a few feet at a time. Close the zipper.
- 3 Set up the feet in the position that you want to erect the stand, lift the panel(s) and fit on the feet.

- 4 To lock the frames together, use the "S" shaped clamp. If you have a header in the kit you can fix to the top by using the clear plastic clips.
- 5 Attach the header using the clips to the display banner.
- 6 For optional lights, position as desired and clamp into place.
